# NATIONAL PREPAREDNESS MONTH

## STEP'S TO MAKE A PLAN

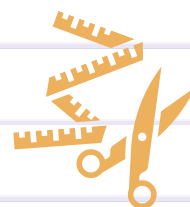

**Step 1:** Put a plan together by discussing the questions below with your family, friends or household to start your emergency plan.

1. How will I receive emergency alerts and warnings?
2. What is my shelter plan?
3. What is my evacuation route?
4. What is my family/household communication plan?
5. Do I need to update my emergency preparedness kit?

**Step 2:** Consider specific needs in your household. As you prepare your plan tailor your plans and supplies to your specific daily living needs and responsibilities.

**Step 3:** Create a Family Emergency Plan

Make a Family Emergency Plan quickly and easily with FEMA'S fillable form. [Here](#).

**Step 4:** Practice your plan with your family/household.

# SC TRAINING

## South Carolina Helicopter Aquatic Rescue Team

In August, Greenville County Emergency Management teamed up with SC HART for a tri-county training exercise. SC HART is highly skilled, with rescuers from SC-TF1 and expert pilots and crew members from the Army National Guard, all working together seamlessly for helicopter rescue missions using the UH-60 Blackhawk and LUH 72 Lakota. Their range of capabilities is impressive, including hoist operations on land or water, swift water, mountain rescues, and transport of both ambulatory and non-ambulatory patients. With SC HART the safety and well-being of those in need are in excellent hands.

# RADIOLOGICAL RECEPTION CENTER AND CONGREGATE CARE FACILITY TRAINING

Multiple agencies collaborated to rehearse the recently drafted Radiological Standard Operating Guide for the Reception Center and Congregate Care Facilities that are located across Greenville County. This county has been assigned as a host for Pickens County residents who have been evacuated as per the Oconee Nuclear Station evacuation plan.
